OSTOMY BAG USER NOTIFICATION

Hello Sir/ Madam,

My name is **Zaitac Taro**, and I have

[an ostomy bag/ two ostomy bags] on my abdomen due to a medical condition that blocks my natural digestive pathway.

The ostomy bag(s) I have on my abdomen is/are made of plastic and fabric, and attached with aviation-safe adhesives to my skin. The bag holds stool and/or urine output from my stoma. Stoma is an opening surgically created on the abdomen to allow bodily waste to exit.

I cannot take the bag off; otherwise, the contents of my bag (stool and/or urine) would leak, which would make it very difficult for me to be on board.

I cannot expose my bag, either; if you have to, you would need to take me somewhere private. The stoma is a private part of my body.

Thank you for your understanding and cooperation,
